President & Vice President

Ric Popp & Megan Scoville

What position are you running for and what three initiatives do you want to accomplish in this role?

We are running for the position of President and Vice President of the Student Government Association! Of our various initiatives, there are three in particular that we would like to highlight. The first being student advocacy. We recognize that SGA is the official voice for all students at DePaul and as that voice, it is our responsibility to be available and open to students and engage in their concerns and act accordingly in order to be as proactive as possible in making every student's experience at DePaul the best it can be. Secondly, being open and inclusive to every student and student organization is both an opportunity and a blessing. There are over 300 student orgs at DePaul, and each one has something unique that they bring to our campus. By collaborating, we can find interests that we may not have known about and meet people that can make a lasting impact on our lives by connecting each through sponsorships and outings throughout the year open to all students. Last but not least, SGA must be engaged in the community. As DePaul is both a city and state leader, DePaul SGA must be as well. Offering students the resources needed in order to participate in the upcoming elections, working to secure educational funding from the state including the MAP grant, and working with other student governments both locally and state wide to work together for needs common to all students will all be a major role of DePaul and SGA in continuing to be a leader.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Ric, your current SGA Vice President, is a current junior majoring in management and minoring in finance and Megan, your current Senator for the College of Science & Health, is a junior majoring in public health and minoring in public law and political thought.

Including serving as graphics coordinator and EVP For Academic Affairs in the past on SGA, Ric is a member of Alpha Phi Omega National Service Fraternity as well as a member of the DePaul Club Rowing Team. Outside of DePaul, Ric currently works with a charity he helped form back at home and is an avid plane enthusiast! Megan, current senator and commencement speaker chair on SGA, is a member of The Peer Health Exchange at DePaul and has also danced in her first ever DemonTHON not too long ago!

We encourage you to check out our Facebook page at facebook.com/ricmegan16 to find out more about who we are and our initiatives for the upcoming year!
Treasurer

Omar Escamilla

What position are you running for and what three initiatives do you want to accomplish in this role?

The position I am running for is Treasurer with a mission to help make all students feel welcomed, connected, and engaged within the DePaul community. Three of my initiatives include:

1. SCHOLARSHIPS: Strengthen communication with the Financial Aid department to make the application of internal and external scholarship opportunities more visible to students through the promotion of Scholarship Connect and scholarship fairs held on campus.
2. SAF-B: Actively work with student organizations through their application process of receiving funding to support the organizations goals, objectives, and initiatives through the Student Activity Fee. Additionally, helping the organizations utilize these funds to promote campus affinity and inclusion.
3. EDUCATION AFFORDABILITY: Actively create awareness on issues that impact student’s cost of attendance. Continue the efforts to advocate for the MAP Grant. Encourage students to complete their FAFSA to maximize completion on time through marketing and social media efforts. Educate the student body on various resources such as Scholarship Connect to enhance the opportunity for financial aid.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

In my previous institution, I represented the second largest undergraduate student population in Illinois by serving as the Student Trustee for the College of DuPage Board of Trustees; In conjunction with this responsibility I was able to see how a college functions and maintains stability to provide high quality academics and services to the student body. Additionally, I served two terms as Vice President of Phi Theta Kappa Phi Beta Chapter, the International Honors Society for the Two-year College. Within this role, I fostered skills leadership, scholarship, service, and fellowship with students and myself in order to expand upon their classroom education in a way that would apply to their everyday lives. Currently, I am a member of Alpha Phi Omega and the and sit as in the executive board of the Transfer Student Union. Additionally, I am serving as one of the coordinators for Vincentian Service Day.
Executive Vice President for Academic Affairs

Michael Greene

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the position of Executive Vice President for Academic Affairs. Some of the initiatives I would like to accomplish in this role would be maintain tenacious efforts toward making higher education affordable for prospective, incoming and current students. I would also like to present opportunities that allow students to have a constructive and beneficial dialogue with college administrators.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Currently, I am a freshman at DePaul University majoring in digital cinema with a concentration in cinema production and a minor in writing for film and television. I am multidisciplinary filmmaker with over four years of intermediary experience, including but not limited to Avid Media Composer, Premiere Pro, Final Cut Pro, directing, writing scripts, being a cinematographer and etc. I have strong work ethics and I look forward to entering into the film and software industry. Within DePaul I have served as the senator for Computing and Digital Cinema. Outside of SGA I am mostly know for filmmaking as I am a Director of Photography and a screenwriter. I look forward to continuing to work with SGA as I campaign this year.
Executive Vice President of Operations

Adriana Kemper

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Executive Vice President of Operations. In this position I want to advocate for more blue on campus for a sense of affinity, develop more sustainable practices, and create safety tips for students.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

My first year (2014/15) at DePaul I was elected into SGA as the Senator for First Year Students. This past year I served as Executive Vice President of Operations (2015/16). On campus I am a supervisor for the Green Team and I am also a campus tour guide.
Executive Vice President of Student Affairs

Andrew Willett

What position are you running for and what three initiatives do you want to accomplish in this role?

I'm running for EVP of Student Affairs. Three of my initiatives would be to 1) increase school affinity by implementing traditions as well as increasing blue demon sporting events attendance 2) continue the transparency of information and decisions made by administration to students and 3) refresh student leader round tables.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

At DePaul, I am involved with SGA as Senator for First Year Students. I am an active member of DePaul Ambassadors, a member of the Center for Sales Leadership EDGE team, and currently serving as the VP of Membership services for DePaul's PRSSA chapter.
Senator for Mission and Values

Benjamin Gartland

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator for Mission and Values. In a broad sense, I want to increase awareness of the teachings of St. Vincent de Paul and I want to apply that in a modern day University setting.

With that in mind, my first initiative regards at-risk students. There are DePaul students who are homeless and cannot afford housing, food, toiletries etc... As Senator for Mission and Values I will submit proposals to direct funds to be available for these students from the Student Government and work with SGA and the Office of Mission and Values to set up fundraisers to, one, raise funds for these students and, two, raise awareness that poverty is right inside the DePaul community.

Secondly, I wish to be an advocate for undocumented students. Through the Office of Mission and Values, I intend to be a liaison to the SGA and to other offices at DePaul University that work with undocumented students to make sure they have ample opportunities to earn an education at DePaul. Once the Supreme Court decides on the DACA and DAPA, I want to be SGA's representative in working with the Office of Mission and Values and the coalition of offices who originally compiled the DREAM Resource Guide to update the guide and to ensure that it is very public and that it helps all potential students be able to not only afford DePaul originally, but through their entire DePaul careers.

Finally, I wish to be a voice for Vincentian awareness throughout the DePaul community. As Senator, I will play a part in setting up and advertising VinnyFest, I will be a liaison between DePaul SGA and Vincentian institutions such as Depaul USA and the Society of St. Vincent de Paul, and I will advertise events around the University that highlight Vincentian service and inclusivity and will bring them to the attention of SGA during general body meetings.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

My name is Ben Gartland and I am a junior pursuing a double major in Public Relations & Advertising and Political Science. I am originally from Kansas City and I love puns as much as I love DePaul.

I am currently a peer minister in Catholic Campus Ministry, working as the Liturgical Coordinator, meaning I help run Sunday Night Mass every week, as well as lead the Liturgical Team. I am also the President of the Catholic Men's Group and participate in many University Ministry sponsored or co-sponsored events, such as the Quarterly Interfaith Religious Celebrations and Vincentian Service Day.

My involvement also stretches to The DePaulia, where I have been on staff since Spring Quarter of 2014. I first came on as the assistant sports editor and for the past year I have been working as the sports editor.
Outside of DePaul I currently am combining my love of sports with my major as a communications intern for the Chicago Fire. I also write for a soccer blog.
Senator for Missions and Values

Michael Mulligan

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the Senator of Missions and Values. In the past year, I have made a lot of progress as the current Senator of Missions and Values. I would like to continue this progress going forward. I would like to integrate our mission further into campus life, specifically into organizational involvement. Another area that requires the attention of the Senator of Missions and Values is leadership training for on campus positions. I would like to improve and increase the discussion of Vincentian values within leadership roles. Finally, I would like to make sure that both the Student Government Association and the institution of DePaul University are being observed to guarantee the best practices that reflect the values of St. Vincent de Paul. We are a university of the 21st century, but we can learn a lot from the man of the 17th century.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

I have had the opportunity to do a lot on and off campus. Most specifically, I have started two organizations and held a number of leadership positions in other organizations. I hold involvement on campus in high esteem, and, as such, I try to get involved with as many organizations as possible. Outside of DePaul, I have held a couple of internships with different political representatives. This follows my desire to be involved in the political sphere after graduation. My desire is to improve that sphere rather than allow it to remain negligent. I come from a small town in Michigan, and I have always found leadership and representation to be the most important parts of my life.
Senator of Mission and Values

Graciela Covarrubias

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator of Mission and Values. I am interested in furthering the understanding of the Vincentian mission on campus by advocating for the Meet Me At the Mission program. As one of my initiatives, I would like to work jointly with the Office of New Student and Family Engagement to enhance the presentation of Vincentian values towards our first-year students. I believe that the sooner we educate students on what being Vincentian truly means the stronger our foundation as a University will be. Additionally, I would like to develop a way to cater Meet me at the Mission programming to organizations on campus. I think that the structure of Meet me at the Mission can be applied to all campus organizations and could present students with the opportunity to make positive change through their organizations using a Vincentian lens. Finally, I would like to continue strong advocacy for service immersion programs, DCSA initiatives, and Vincentian storytelling at DePaul with a specific focus on utilizing the skills and stories garnered from these experiences as a way of establishing yourself in the real world and becoming a part of the living legacy of St. Vincent De Paul.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

In my time at DePaul, I have had countless wonderful opportunities to participate in a number of student organizations which have provided me a multifaceted view of the university. As a Public Relations and Organizational Communication double major, I have become extremely interested in not only storytelling, but the integration of individuals into communities that they are passionate about participating in. As a first year student, I interned for the Chicago’s longest running PR agency, Margie Korshak Inc. Here I spent 8 months working closely with nonprofits to help provide them with exposure for their fundraising efforts. In addition to my time at Korshak, I have also worked at DePaul’s Telefund Call Center as a student caller. At Telefund, I work to foster conversations with alumni focused around donating to student scholarships. I enjoy advocating for student needs and that passion for advocacy has driven me to fundraise $20,000 for student scholarships in the past year and a half. Apart from being a student caller, I am also a Chicago Quarter Mentor. In my role as a Chicago Quarter Mentor, I discovered working with first-year students to help them find their place here at DePaul is one of the most rewarding jobs on campus.

My involvement with the Vincentian mission here at DePaul began my freshman year when I embarked upon a University Ministry Service Immersion trip to Okolona, Mississippi. It was then that I realized that I needed more of the Vincentian mission in my life. Since then, I have participated in another immersion trip to Cranks Creek, Kentucky and I have been selected to lead a trip during the 2016-2017 school year. My passions for service, storytelling, and the Vincentian mission have been the driving forces for me here at DePaul and I look forward to continuing intentional work with these three passions as my guide in my time here at DePaul and beyond.
Senator for Intercultural Awareness

Michael Lynch

What position are you running for and what three initiatives do you want to accomplish in this role?

Senator for Intercultural Awareness
Act as a liaison for students that report race, gender, sexual orientation, and socioeconomic status related incidents within the DePaul community.
Increase programming to promote a culturally inclusive campus atmosphere including but not limited to workshops, discussions, and social events.
Establish a policy and protocol that requires SGA to be socially responsible practitioners that embodies cultural competence.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Since beginning his undergraduate career, Lynch has served as a Communications Assistant for DePaul University’s Global Asian Studies Program, a Manager for DePaul University Men’s Basketball and a Student Executive Board Member for DePaul University’s Irwin W. Steans Center. He currently is an Accounting Intern at a defense law firm, a Treasury Intern for a futures brokerage firm, as well as a Public Relations intern for the Chicago White Sox. Lynch, a Junior and Finance major, is also a DePaul University Community Service and 100 Black Men of America Scholarship Recipient. On campus, he is a proud member of the DePaul Black Student Union and Men of Vision and Empowerment. (M.O.V.E)
Senator for Commuter Students

Marina Lozano-Corona

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator for Commuter Students. One of the initiatives I would like to accomplish in this position includes a Commuter Center, where commuter students can gather, rest, and even take a power nap between classes. My second initiative would be to implement a transportation system similar to Public Safety and Vinny Van; this system would ensure that students travelling after 8pm—especially those students travelling via the Metra or CTA lines not easily accessible from Lincoln Park, such as the Green, Pink, Orange, and Blue lines—arrive to these terminals safely via this transportation system provided by DePaul. My final initiative would be to promote school affinity by encouraging my fellow DePaulians to wear blue every Thursday and increase attendance at games and DAB events.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

My name is Marina, and I am currently a Second-year student. I am majoring in Psychology, with minors in Italian and Professional Writing. In addition to Italian, I also speak Spanish and a bit of German. I am in my second year of Jumpstart at DePaul, a literacy program that serves preschools in under-resourced communities across Chicago. During my downtime, I enjoy reading, binge watching shows on Netflix, watching sports (mainly baseball and hockey), and just spending time with really good friends.
Senator for Third Year Students

Mandy Cervantes

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator for Third Year Students. Three initiatives that I would like to work on this upcoming year would be 1. to start a mentor program that would help match a current upperclassman with an underclassman and it would initially be a way to get to know the campus and have suggestions about classes to take to and organizations to get involved in. It would be a way to create a closer connection to DePaul students. 2. To continue to provide suggestions to Chartwells that my constituents would like to see in the Student Center, I got them to provide Ice Cream and Milkshakes from student recommendations and a correspondence with Chartwells made it possible so I would like to continue to build a connection between Chartwells and my Constituents. 3. I would like to continue the tradition of On Thursdays We Wear Blue and find ways to get more students participating in the event that builds school affinity.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

My name is Mandy and I am a Political Science Major with a Minor in Economics and Professional Writing. I have served as Senator for Second Year Student and I have had a wonderful experience serving my constituents. With their recommendation and my correspondence with Chartwells we were able to get an Ice Cream Bar and Milkshakes. I have spent hours talking with Constituents and I absolutely loved it! I love DePaul and working with my peers. I have worked for the on campus work study job Jumpstart for two years. It is a literacy program that works with preschool aged children in an under resourced community. I work with them individually and get them ready for kindergarten. My work with Jumpstart and SGA has made me love working for and with DePaul and I hope to continue that work next year.
Senator for the College of Liberal Arts and Sciences

Amy Obendorf

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the Senator for the College of Liberal Arts and Sciences. As the Senator for the College of Liberal Arts and Sciences, I would focus on advocating for the LAS students as I would act as a bridge between the school's staff and the students. I would also emphasize the importance of inclusivity and would ensure that every LAS student was represented equally. Lastly, as the Senator for the College of Liberal Arts and Sciences, I would ensure that every student is aware of the opportunities and resources the school offers and I would focus on communicating information effectively to my constituents.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

My name is Amy Obendorf. I am a freshman studying Political Science and Psychology. Currently I am involved in Delta Gamma at DePaul and outside of school I do some volunteer work. I am interested in becoming more involved on campus, and I want to join SGA so that I can advocate for my fellow students in the College of Liberal Arts and Sciences.
Senator for the College of Liberal Arts and Sciences

Martin Hasler

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator of The College of Liberal Arts & Sciences. I hope to accomplish organize a college town hall. I hope to accomplish consistently communicating with and advocating on behalf of the students of the college. I hope to accomplish making an improvement to the education system within the college.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

I transferred to DePaul at the beginning of this year. I recently changed my major from public relations to peace, justice, and conflict studies after going on a perspective-altering service trip over spring break. I am passionate about letting voices be heard in a fair and just manner. My hobbies include improvisational acting, exercise and watching movies!
Senator for the College of Communications

Haley Majetich

What position are you running for and what three initiatives do you want to accomplish in this role?

I’m currently running for Senator for the Colleges of Communication. Some of the initial goals that I have for this position are as followed. I would like to create a positive space for students to engage in conversation regarding debated problems within our school. I would like to increase school pride and create a sense of community on campus, to change the individual student experience to a school-wide engaging experience. I would also like to bridge the gap between the student body and the higher affairs.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Since high school, I have been heavily involved in leadership based programs. I was the Student Body President of the Class of 2014, in which I was heavily involved with the organization and oversaw the procedures done for over 900 students. I was also an Office of the Nation Honor Society for the Class of 2014, where I ran meetings and planned service events. I was also the President of the Chapter of the International Thespian Society at my school, where I ran the program, held meetings, and connected with local volunteer programs. Recently, I was a member of the Residential Conduct Board, where I participated in the student conduct process. I have also been a Volunteer Senior Health Educator where I visited local high schools and taught health education workshops. I have been working as a Peer Health Educator in the Office of Health, Promotion, and Wellness, where I get to engage, educate, and empower my fellow students in health education and peer dialogue. I am also a member of the Catholic Campus Ministry team in this year’s DemonTHON.
Senator for the College of Communication

Katy Bozich

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for Senator for the College of Communication. One of the things that I am most passionate about in our world is the availability and accessibility of an education by everyone; I believe that access to a beneficial and effective education is a human right. That being said, I do not think that the cost of school should ever prevent anyone from pursuing a higher level of education. Therefore, I want to make sure that I try my very best through the Education Affordability initiative to allow students within the College of Communication to be aware and have the opportunity to find and apply to financial aid and scholarships. In addition, I would want to address the SGA as a Leader in Chicago and Illinois initiative. As DePaul students, we are extremely privileged to attend school in such a wonderful city. I think that it is very important being students in Chicago, that we are able to interact and address problems with those in elected government. Building relationships with those who influence our education is something that is very important to me, and would be thrilled to have that opportunity to get other students involved as well. Lastly, I would like to accomplish the Transparency and Opportunity initiative. Student involvement is one of the most important aspects in building a healthy campus environment. Every student should have the opportunity to have their feedback and voices heard.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Originally, I am from Ann Arbor, MI, but have all of my life been in love with the city of Chicago, and coming to DePaul has honestly been one of the best decisions of my life. I absolutely love all that the city has to offer and adore exploring through shopping, eating, and my most favorite running to different areas around the city. In addition with my free time, I love practicing yoga, reading, and volunteering. Being a Community Service Studies minor, through the Steans Center at DePaul, I volunteer at an after-school program for CPS students in Pilsen and Humboldt Park in tutoring and mentoring and absolutely love it. Another way that I keep myself busy and connected to the university is by being on the rowing team. I joined this year spontaneously and have grown to love the sport and all of the benefits it has provided me both physically and mentally.
Senator of the College of Communication

Diamaris Martino

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the position of Senator of the College of Communication.

1st Increase Event Knowledge
As a senator I want to increase knowledge of the different events happening around the College of Communication. Since the college is primarily downtown, many students don’t go to events, so spreading events out and having them equally on both campuses would be ideal to the student body. And will help us reach both communication and non communication students.

2nd. Increase Membership and Promote Involvement in Clubs
PSSRA, SPJ, and NAHJ have a huge impact on the communication students, making student more aware about these clubs and everything they have to offer is very important to me. Communication students can get a lot out of the field trips that these clubs plan and the guest speaker they bring into DePaul. These clubs also offers various scholarships and can be very beneficial to communication students.

3rd. Increase Open Dialogue
I want to increase and have an open dialogue between students and teachers. There are so many students that voice their concerns about the College of Communication to me, and I want to be that advocate that brings it to the school’s attention. Whether it is cost, professors, or even the class. Many students feel as if they don’t have a voice in what happens within the college and that it no true! Your class evaluation should not be the only time that you raise your voice, it should be everyday or anytime you feel the need to.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

I am currently a junior and I double major and double minor. My two majors are Journalism and Public Relations and Advertising. My two minors are Communication Media Studies and Catholic Studies. I am also an active member of DePaul’s SPJ (Society of Professional Journalist) and of NAHJ (National Association of Hispanic Journalist). I also volunteer for various events around Chicago, including the Midwest/Chicago 2015 Emmys last year. I also do some freelance writing and am an anchor on Good Day DePaul. Along with all these activities I also work part time and intern for nonprofit. So I know a thing or two about time management.
Senator for the School of Music

Jesse Bruer

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the Senator for the School of Music.

I plan to accomplish bringing the Arts of DePaul together and creating a musical production. This is a time where they need to be together.

I plan to organize at least one Town hall each quarter to maximize the progress in making the School of Music a better place.

I intend to connect the School of Music to the rest of the University by creating more venues on Campus to showcase the Talent this school has.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

I sit on the Music School Association Committee of DePaul's School of Music. I will be in my second year of majoring in Clarinet performance. In the past I have volunteered at animal shelters, gone on annual mission trips giving 24 hour care to adults with disabilities for a 2 week span, and organized several volunteer events. The more I look into the Vincentian Ideologies the more I believe i chose the right school to progress in making the world a better place.
Senator for the Driehaus College of Business

Jaimie Thimmesh Rachie

What position are you running for and what three initiatives do you want to accomplish in this role?

I am running for the Driehaus College of Business Senator, after 3 wonderful years in the business program at DePaul; I am wanting to give back to my community and support my peers. While fulfilling the position of Business Senator, I hope to provide a stronger community in the business school, both inside and outside the classroom, while also strengthening the academic success of my peers in the DePaul Driehaus School of Business. The three main initiatives I will work hard to accomplish during my term are as follows:

1) Create opportunities for Business School organizations and clubs to connect and work together.
   *An event I would try to create to accomplish this, would be a meet and greet for the student leaders of these organizations. Both a networking event and social, I would work to encourage communication and collaboration between organizations.
   *A year long task I would like to work towards is a Business School Organizations newsletter that announces events and highlights accomplishments.

2) Strengthen integration and learning strategies for first year students in the business school.
   *Recognizing the first introduction to the business school can be quite intimidating, I believe that SGA should offer support and guidance during the first class a student takes in the business school.
   *During my term I would also like to explore options for a stronger "path" to outline for students. For example, Marketing Communications (or Business Communications) a required course, is perfect for first or second year students, but becomes less valuable the higher up students are in their education. Looking into options to help support students in creating their academic path.

3) Engage students and create a community in major fields.
   *Creating a community for each major is a common occurrence at many Universities, and students can highly benefit by having connections within their major. Creating specific events to encourage and help foster those communities would highly benefit the overarching DePaul Driehaus School of Business.

Please provide a brief bio about yourself that includes your involvement both inside and outside of DePaul.

Jaimie has been extremely involved in the Driehaus School of Business in her past three years at DePaul University, and is excited for the opportunity to give back to her community. As a double major in the Honors Marketing Program (IME) and Management Information Systems (MIS), and a minor in Management, Jaimie has a breadth of experiences within the Business School. Outside the classroom, Jaimie has been extremely involved in student leadership around DePaul. Serving as chapter president for the competitive business organization, Collegiate DECA, completing the Student Leadership Institute Program, serving as a Peer Facilitator at SLI’s Winter Leadership Conference, and serving as an RA on the Lincoln Park campus, Jaimie has been fully emerged in the DePaul community and loves working with her peers. Outside of DePaul, Jaimie served as the International President of Collegiate DECA, representing over 30,000 college students worldwide,
and is part of the leadership team for Harvard's coveted Women in Business Intercollegiate Business Convention. Jaimie will be working as a Business Analyst Intern this summer at Target Headquarters.
